

FOROL

SENSITIVE

Universal cleaner

- Top professional cleaning system as recommended by the German Allergy and Asthma Society (DAAB)
- Independent test according to strict DAAB criteria
- Best skin and airway compatibility rating
- Best cleaning performance rating
- Unique combination of top quality and ingredients low in allergens

Area of application

FOROL SENSITIVE can be applied to all washable surfaces and floors. When used correctly it is also suitable for antistatic coverings and construction/building cleaning. For all types of property, particularly in healthcare and public buildings, especially in sensitive areas such as nurseries and schools.

Application

Maintenance cleaning: Depending on degree of soiling and water hardness dilute 0.25–0.5 % (1:400–1:200) with cold, clean water and wipe or spray in two stages. Increase dosage accordingly for very high water hardness.

Interim/floor cleaning: For cleaning floors FOROL SENSITIVE dilute 10 % (1:10) with cold, clean water. Wet the flooring with the cleaning solution and remove dirt using a red/green pad disc/brush.

Then, thoroughly vacuum any loosened dirt.

Intensive cleaning: For removing water-soluble maintenance film FOROL SENSITIVE dilute 5–10 % (1:20–1:10) with cold, clear water. Wet the flooring with the cleaning solution and remove water-soluble care film using a red/green pad disc/brush.

Then, thoroughly vacuum any loosened dirt.

Product characteristics

- No fragrances, colouring or preservatives
- Excellent skin and material compatibility
- For use with all cleaning methods, including spray cleaning
- Removes grease and oil-based dirt, nicotine, fresh stains (pen, stamps, marker pens), soot, dust
