

Veroclean-plus

Express stripper for over-treated floors

Features

Powerful, high-performance stripper for removing extremely built-up polymer layers coated multiple times over a long period. Thanks to the innovative formulation in combination with short contact times, the product provides extraordinary dissolving properties for polymer coatings. The low-foaming stripper is powerful in use.

Ingredients (according to 648/2004/EC)

Nonionic surfactants < 5%, water-soluble solvents.

pH value (concentrate): approx. 9.5 pH value (ready-to-use solution): approx. 9

Application

Suitable for use on severely over-coated, water-resistant, alkali-sensitive and alkali-resistant floor surfaces, such as linoleum, rubber, PVC and polyolefin.

Please test a small inconspicuous spot before first application.

Directions

Stripping coated or micro-protected floor coverings:

Dilute 1-3 litres in 8 litres of cold water.

Distribute the cleaning solution on the floor, allow to act for a short time, scrub, vacuum, rinse thoroughly with clear water.

Kiehl accepts no liability or responsibility for damage caused as a result of incorrect use or application of the product.

Stripping

Coverage per square metre

Stripping: 90 ml

GHS 07, Warning (in concentrated form);

H315 Causes skin irritation. H319 Causes serious eye irritation. H335 May cause respiratory irritation. P271 Use only outdoors or in a well-ventilated area. P280 Wear protective gloves/eye protection. P302+P352 IF ON SKIN: Wash with plenty of water. P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

No consumer product according to 1999/44/EC Art. 1! For professional use only!

Packaging

10 litre container
