

SamoLind Sensitive

Skin protection and skin care cream

Product description

SAMOLIND SENSITIVE 2 in 1 is a fast-absorbing skin protection cream (water in oil emulsion, W/O) and is used in work places, where the skin comes into contact with water-soluble working materials, irritants and harmful substances. In addition to its protective function, SAMOLIND SENSITIVE 2 in 1 is suitable for the intensive care of stressed skin. The ingredient, glycerine, keeps the skin supple, prevents dehydration and furthermore, due to its hygroscopic properties, increases its natural elasticity. Vitamin E helps to regenerate damage to the skin's protective barrier and enhances the skin's moisture characteristics.

Areas of application

SAMOLIND SENSITIVE 2 in 1 can be applied to all areas, where perfume-free skin protection is required for wet working activities. SAMOLIND SENSITIVE 2 in 1 is especially well suited to use in kitchens, care and retirement homes, clinics, industry, food retailing, hotels, restaurants etc. SAMOLIND SENSITIVE 2 in 1 protects the skin against direct contact with watery working materials, irritants and harmful substances such as water, alcohols, food, disinfectants, acids, alkalis, salts, limescale, cement, gypsum, water-mixed cooling lubricants, dish washing liquids and laundry detergents. SAMOLIND SENSITIVE 2 in 1 can also be applied in all areas, where skin under occupational stress, requires balanced and rich nourishment. It can be used in all professional sectors.
